RE: SB212 & HB5299

I believe in helping the Veterans to gain employment but they should have to produce the proper training documentation to the Trade Related Boards to review and if they are missing any training and/or schooling they should be required to complete this.

I would not like to have an unlicensed employee working at my house. I feel that we should help the vets and over the years we have hired them.

If you would like to wave the cost fine, but not the training and testing.

Please feel free to contact me regarding this issue.

Sincerely,

Chris Bowman
